### 1. Introduction

- 1.1 Sunrise Energy Metals Limited (**Company**), has adopted this Continuous Disclosure Policy, which describes the internal processes designed to ensure that it complies with all applicable laws and continuous disclosure obligations of the stock exchanges on which its securities are listed.
- 1.2 This policy applies to all executive and non-executive directors, officers, employees and contractors of the Company and its controlled entities (**Group**) (collectively, **Employees**).

### 2. Company's Disclosure Obligations

- 2.1 The Company has listings on the Australian Securities Exchange (**ASX**) and OTCQX Market (**OTCQX**) (together, the **Relevant Exchanges**). The Company's securities are quoted as ordinary shares on the Relevant Exchanges.
- 2.2 The Company must, subject to the disclosure exceptions set out in the applicable listing rules, immediately notify the Relevant Exchanges of any information or development related to its business that a reasonable person would expect to have a material effect on the price or value of its securities.
- 2.3 The term "immediately" in this context means "promptly and without delay". Disclosure is made by making an announcement to the Relevant Exchanges.
- 2.4 Information will be taken to have a material effect on the price or value of the Company's securities if it would be likely to influence investors in deciding whether to buy or sell the Company's securities. This type of information is referred to as "price-sensitive information".
- 2.5 Materiality is assessed using measures appropriate to the Company and having regard to the examples given by ASX in ASX Listing Rule 3.1.
- 2.6 All Employees should notify the Company Secretary if they consider there is material information which may require disclosure and are encouraged to approach the Company Secretary if they have any queries about what information should be disclosed to the Relevant Exchanges.
